## **General Description**

In the broadest sense, communication is the study of human expression both verbally and nonverbally. This program explores all forms of communication through humanistic, social scientific, critical-cultural, and rhetorical methodology. A competent communicator is skilled in creating ethical messages appropriate to audience, purpose, and context.

## **Career Options**

Below is a sample of the career options available for the communication major. A few of these require an associate degree, most require a bachelor's degree, and some require a graduate-level degree. Possible career options include: public relations coordinator, social media specialist, diversity-equity-inclusion/multicultural specialist, public health specialist, manager, event planner, television or radio broadcaster, public administrator, human resources officer, politician, speechwriter, product marketing manager salesperson, organizational leader, learning and development consultant, or non-profit coordinator.
