General Description

Prepares students for employment in studio recording, television, and film sound production. The program builds on their recording industry technical education in recording arts and recording technology. In addition, the program contributes to the student's financial independence, career success, and allows them to take key roles within the digital audio recording and sound mixing fields.

Career Options

Students constantly need to sharpen their skills to increase their employability in the ever changing economy. These majors provide the student with technical knowledge coupled with creative skills expanding their career options, financial stability and increasing their competitive advantage in the job market.

Students who receive an A.S. degree in Recording Arts & Technology provide them with an in-depth understanding of digital audio engineering for studio recording, television, and film sound production and career opportunities in the entertainment industry.

Degree/Certificate Options	Major Code
Associate in Science Degree:	
Career/Technical	
Recording Arts and Technology (http://catalog.swccd.edu/associate-degree-certificate-programs/recording-arts-technology/recording-arts-technology-as/)	02538
Certificate of Achievement
