General Description

Knowing Spanish gives one the power to successfully communicate with the people of twenty Spanish speaking countries, as well as 40 million Spanish speakers in the United States. After English, Spanish is the most studied language in Europe and Asia as well. In today's business world, Spanish is widely used as a valuable tool of communication for commercial transactions in the global market. It is one of the five official languages in the United Nations.

Career Options

Fluency and intercultural communication skills in a second language enhances opportunities in: government, business, medicine and healthcare, teaching, technology, the military, social service, law enforcement, communications, fashion, and marketing.
