

CALIFORNIA STATE UNIVERSITY (CSU) GENERAL EDUCATION BREADTH REQUIREMENTS

2021-2022

Transfer Information

This pattern is designed for the student planning to transfer to the California State University system. Southwestern College will certify course work completed at another California community college or any institution that participates in certifying general education course work to the CSU, including a CSU campus other than the one to which the student is transferring, only if the courses are on the approved CSU general education list at the college where they were completed. Such a course will be certified in the general education breadth area that is shown on the official certification list for the institution at which it was taken.

When course work has been taken at a regionally accredited institution that does not maintain a CSU certification list, Southwestern College can certify the course work provided that Southwestern College faculty determine that the course work is equivalent to course work on the approved Southwestern College general education breadth list. Any category of required general education courses not completed at the time of certification will have to be fulfilled according to the requirement of the transfer institution. Students who desire to transfer to one of the 23 California State University (CSU) campuses must complete 48 units of general education breadth courses, of which nine shall be at the upper-division level. Southwestern College can certify only the 39 lower-division units of general education breadth courses.

CSU GE Breadth for STEM

CSU-GE Breadth for STEM is only approved for the Associate in Science in Biology for Transfer Degree. This pattern allows students to defer completion of one course from CSUGE Area C and one course from CSUGE Area D until after transfer. Students earning the AS-T in Biology with this pattern must complete the following before transfer:

- all required courses in Areas A, B, E and F
- one course in Area C1, Arts,
- one course in Area C2, Humanities, and
- one courses in Area D, Social Sciences.

It is recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

Code	Title	Units
A. ENGLISH LANGUAGE, COMMUNICATIONS AND CRITICAL THINKING		9
<i>LANGUAGE AND CRITICAL THINKING</i>		
A minimum of 9 units must be distributed as follows: One course from A1, one course from A2, and one course from A3. All courses must be completed with a grade of "C" or better.		
<i>A1: ORAL COMMUNICATION</i>		
COMM 103	ORAL COMMUNICATION	

COMM 104	PUBLIC SPEAKING

- ³ The Area F, Ethnic Studies CSUGE requirement is effective Fall 2021 and beyond. Students with continuous enrollment prior to Fall 2021 may complete a previous CSUGE pattern (9 units in Area D and without Area F). See an academic counselor for more information.

CSU Graduation Requirement in American Institutions

U.S. History, Constitution, and American Ideals

Courses in American Institutions (U.S. History, Constitution, and American Ideals) are required for graduation by the CSU. Although the American Institutions requirement is not a part of the CSU GE Breadth, students are encouraged to complete the requirement prior to transfer. This requirement can be satisfied by completing any combination of two classes that, when combined, fulfill US-1, US-2 and US-3. The courses used to satisfy this requirement, may also be used to fulfill CSU General Education Breadth Area D requirements.
