

# ECONOMICS (ECON)

---

## ECON 100 CONTEMPORARY ECONOMIC PROBLEMS 3 UNITS

Pass/No Pass or Grade is Allowed

Recommended Preparation: RDG 158 or equivalent or through the Southwestern College multiple measures placement processes.

Lecture 3 hours

Offered: FALL

Presents a nontechnical introduction to the basic concepts of economics. Investigates economic basis of such real-world problems as inflation, unemployment, economic power, and international trade deficits. (Does not fulfill the lower-division economics requirements for business or economics majors transferring to four-year institutions.) [D; CSU; UC]

## ECON 101 PRINCIPLES OF ECONOMICS I 3 UNITS

Grade Only

Recommended Preparation: MATH 119 or equivalent or through the Southwestern College multiple measures placement processes; MATH 120 or equivalent or through the Southwestern College multiple measures placement processes; RDG 158 or equivalent or through the Southwestern College multiple measures placement processes.

Prerequisite: Intermediate algebra proficiency, as determined through the Southwestern College Multiple Measures Process.

Lecture 3 hours

Offered: ALL

Introduces students to the basic tools necessary to analyze a nation's economy from the macroeconomic perspective. Emphasizes understanding of core topics including: market systems, aggregate measures of economic activity, macroeconomic equilibrium, money and financial institutions, monetary and fiscal policy, international economics, and economic growth. [D; CSU; UC; C-ID ECON 202]

## ECON 102 PRINCIPLES OF ECONOMICS II 3 UNITS

Grade Only

Recommended Preparation: ECON 101 or equivalent; RDG 158 or equivalent or through the Southwestern College multiple measures placement processes; MATH 119 and MATH 120 or equivalent or through the Southwestern College multiple measures placement processes.

Prerequisite: Intermediate algebra proficiency, as determined through the Southwestern College Multiple Measures Process.

Lecture 3 hours

Offered: ALL

Introduces the basic analytic tools necessary to understand an economy from the microeconomic perspective. Emphasizes core topics including: choices of individual economic decision-makers, scarcity and its effects, specialization and trade, market equilibrium, elasticity, production and cost theory, market structures, factor markets, and market failure. [D; CSU; UC; C-ID ECON 201]

## ECON 299 INDEPENDENT STUDY 1-3 UNITS

Pass/No Pass or Grade is Allowed

Limitation on Enrollment: Eligibility for independent study.

Lecture 3 hours

Offered: ALL

Individual study of research in some area of economics of particular interest to the student and not included in regular courses of the college. [D; CSU; \*\*UC] (\*\*UC Limitation: credit for variable topics courses is given only after a review of the scope and content of the courses by the enrolling UC campus.)
